INDEPENDENT AUDITORS' REPORT

Measure C Citizens' Oversight Committee
San Mateo County Community College District
San Mateo, California

We have audited the accompanying financial statements of the capital outlay - bond fund of the San Mateo County Community College District, as of and for the year ended June 30, 2003, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the capital outlay - bond fund and are not intended to present fairly the financial position and results of operations of the San Mateo County Community College District in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the capital outlay - bond fund of the San Mateo County Community College District at June 30, 2003, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

CAPITAL OUTLAY – BOND FUND NOTES TO FINANCIAL STATEMENTS JUNE 30, 2003

NOTE #1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the San Mateo County Community College District bond fund conforms to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants. The San Mateo County Community College District capital outlay - bond fund accounts for financial transactions in accordance with the policies and procedures of the California College Budget and Accounting Manual.

A. Financial Reporting Entity

These financial statements were prepared to comply with the requirements of proposition 39 related to the 55% voter approval requirements for bond issues and include only the capital outlay - bond fund established to account for the expenditures of the general obligation bonds issued November 2001. These financial statements are not intended to present fairly the complete financial position and results of operations of the San Mateo County Community College District in conformity with generally accepted accounting principles.

B. Fund Accounting

The District accounts for the capital outlay – bond fund in a fund, which is considered to be a separate accounting entity from all other funds of the District. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance (or retained earnings), revenues, and expenditures (or expenses), as appropriate. District resources are allocated to and accounted for in individual governmental funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

Governmental funds are generally accounted for using the modified accrual basis of accounting. Their revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered), except for unmatured interest on general long-term debt, which is recognized when due.

D. Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

E. Fund Balance Reserves and Designations

Reservations of the ending fund balance indicate the portions of fund balance not available for appropriation or amounts legally segregated for a specific future use. Designations of the ending fund balance indicate tentative plans for financial resource utilization in a future period.

F. Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10, and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of San Mateo bills and collects the taxes for the District. The District recognizes tax revenues when received.

G. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE #2 – INVESTMENTS

Investments at June 30, 2003, held on behalf of the capital outlay - bond fund of the San Mateo County Community College District consist of deposits in the County of San Mateo Treasury:

	<u>Reported Amount</u>	<u>Fair Value</u>
Deposits with county treasurer	<u>\$ 85,432,696</u>	<u>\$ 87,675,911</u>

Deposits with County Treasurer is an external investment pool sponsored by the County of San Mateo. College districts are required to deposit substantially all receipts and collections of monies with their county treasurer (Education Code Section 41001).

Therefore, the District is considered to be an involuntary participant in an external investments pool. County deposits are not required to be categorized. The pool sponsor provided the fair value for these deposits.
